FIRE RESTRICTION

As a result of the recent and forecasted precipitation, the MD of Willow Creek is lifting the Fire Ban and moving to a Fire Restriction.

Under the current Fire Restriction, burning is permitted in fire pits, burn barrels and incinerators that comply with MD bylaw requirements, as well as recreational campfires. However, **NO FIRE PERMITS** will be issued.

Residents and visitors are reminded to use caution when burning and to ensure there is an adequate water supply readily available to extinguish the fire when the burn is complete (soak it, stir it, soak it).

Residents and visitors should be aware that the MD may reinstate a Fire Ban with little to no notice if conditions warrant. For the most current fire status information, visit the MD of Willow Creek website or the Alberta Fire Bans website.

If you have any questions, please contact the Emergency Services Department at 403-625-3351.
